# Agriculture and Food Services, Products and Fees

2024/25

## Purpose

This booklet details the fees and charges for services provided by the Department of Primary Industries and Regional Development (DPIRD). The booklet does not include Fisheries fees and charges which are published separately.

There are some additional services not included in this booklet. These include charges calculated on a cost recovery basis, which can be provided on enquiry. Services exempt from fees and charges are also not included but are listed separately below.

Some fees and charges have been determined under regulation 125 of the Biosecurity and Agriculture Management Regulations 2013, which are published in the WA Government Gazette. Others have been determined on a fee for service basis.

Private practitioners and consultants will be required to pay for the services listed separately below.

**Fees may be subject to review throughout the financial year and may change either by approval of the Director General, DPIRD, or by amendment to regulation.**

## GST calculations and rounding

The approved ATO method of line-item approach has been adopted in the rounding of GST charges.

DPIRD Diagnostics and Laboratory Services					
<b>ANIMAL PATHOLOGY LABORATORIES</b>					
<b>Terrestrial and Aquatic species - Laboratory Charges</b>					
DPIRD Diagnostics and Laboratory Services charge for services provided. Each laboratory report includes a cost advice summary with a breakdown of the individual test charges and a separate agency tax invoice for payment. Charges are negotiable for bulk submissions. A case handling fee is applied to all submissions to cover administration and overhead charges. The submitter will be invoiced in all cases unless documented otherwise on the submission form at the time of sample submission.					
The Animal Pathology laboratories will, if required, send samples to external laboratories for processing. Costs incurred by the Lab for these external services, plus any additional costs (e.g. transport), will be passed on to the client in full. Terms and Conditions for DPIRD Diagnostics and Laboratory Services that can be accessed at the DPIRD website. <a href="https://www.agric.wa.gov.au/livestock-biosecurity/terms-and-conditions-dpird-diagnostics-and-laboratory-services-ddls">https://www.agric.wa.gov.au/livestock-biosecurity/terms-and-conditions-dpird-diagnostics-and-laboratory-services-ddls</a>

## EXEMPTIONS

The following regulatory activities carried out under the *Biosecurity and Agriculture Management Act 2007* (BAM Act) are exempt from fees and charges. These exemptions are listed in the determination published in the WA Government Gazette:

- (a) permits (other than import permits) to introduce, move or supply a declared pest, provided that at the destination the pest is exempt from keeping requirements, or the destination is a Quarantine facility or a place at which that pest is authorised to be kept under a keeping permit;
- (b) the inspection, at road inspection points, of vehicles and agricultural products, and animals kept as pets;
- (c) the inspection of passengers and/or passengers' baggage at inspection points;
- (d) the assessment of notices of import ('freight declarations') conducted at road inspection points or the DPIRD office at 130 Fauntleroy Ave, REDCLIFFE WA;
- (e) travel for inspection of a place, organism or potential carrier unless
  - the travel is conducted outside of shift hours, or
  - the inspection is conducted at a place specifically requested by the person in charge of an organism or potential carrier as an alternative to an inspection point or quarantine facility;
- (f) a surveillance inspection, being an inspection undertaken to determine the status of a place or thing regulated by or under the Act which is not an inspection to monitor compliance with import requirements, or compliance with a direction or authority given under this Act;
- (g) an inspection monitoring the import of low risk prescribed potential carriers (see below);
- (h) an inspection funded by an Industry Funding Scheme established under regulations made under section 141 of the Act.

Note: Travel associated with the audit of a quarantine facility or accreditation is not travel for inspection.

Low risk prescribed potential carriers are:

- shipping/cargo containers and goods in shipping/cargo containers not containing prescribed potential carriers;
- new or used boats or vehicles not containing prescribed potential carriers;
- processed seed/grain/nuts that are not whole seed (e.g. walnut meat, split lentils, almond kernels, ground seed types and roasted/blanched and shelled nuts/seeds, dehisced coconuts);
- dried herbs/spices/potpourri – which are finely chopped or ground, and do not contain whole seed unless processed, except the following, which must be commercially packaged identifying contents: mustard, fennel, cumin, caraway, star anise, fenugreek, peppercorns, vanilla bean, cardamom;
- frozen unprocessed fruit and vegetables which are not prohibited (e.g. are not and do not contain whole grapes, mangoes or myrtaceae (includes guava, wax zumbu and other syzygium fruit); and
- semi-processed vegetables – including commercially par-boiled vegetables of any type, and commercially peeled and cut below ground vegetables (e.g., onions, potatoes, sweet potatoes, carrots, garlic).

Inspections of these items are carried out randomly to confirm that they are prepared appropriately. Any corrective action required (treatment, re-export or destruction) will be at the cost of the person in charge of the consignment, and penalties may apply if a consignment is found to have been imported in contravention of import requirements.
