

Sheep and Goat Industry Funding Scheme

Strategic Plan

Endorsed March 2020

Purpose of the Committee (Vision)

- Support a strong biosecurity ethos amongst the Western Australian (WA) sheep and goat industry
- Administer funding for programs that address key biosecurity issues for the WA sheep and goat industry
- Ensure sheep and goat biosecurity priorities are addressed to industry expectations

Role of the Committee (Mission)

- Ensure a transparent, collaborative and risk-based approach to implementing the Industry Funding Scheme (IFS)

Goals and strategies of the Committee

Goal: WA sheep and goat producers support the IFS, with more than 99 percent of the IFS contributions collected each financial year available to deliver the IFS and its programs

- Consult annually with the sheep and goat industry on the operation, appropriateness and effectiveness of the IFS
- Implement the Sheep and Goat IFS communication plan

Goal: Industry funds are used to deliver identified biosecurity outcomes, consistent with industry's pest and disease priorities

- Use good governance processes in administering the IFS
- Identify industry's appetite for funding pest/disease control programs

Criteria for making decisions to invest

- Program will deliver clear benefits for the WA sheep and goat industry
- Program addresses a priority (based on identified risk)
- There is industry support for the program
- Proponents can demonstrate their capability to undertake the work
- Opportunities for co-investment are considered
